

Voucher Manager

Overview

Boost sales, influence customer behaviour and reward loyal customers with Zonal's promotional voucher solution – Voucher Manager.

Voucher Manager is a smart marketing tool, enabling you to create or import voucher codes for the redemption of promotions or discounts during the payment process or at the POS - with little to no staff training required.

Whether you have one site or multiple sites, our cost-effective, flexible solution allows you issue unique printed or e-voucher codes that can be points, discounts, product or monetary value. Sophisticated redemption controls enable you to direct footfall and sales to your venue during quieter times.

Drive customers to your venue that have not visited before, recover lapsed customers or reward loyal ones with this intelligent, EPoS-integrated voucher solution from Zonal.

Features

» EPoS-integration

Fully integrated with our EPoS solution enabling automatic redemption at the POS. Voucher codes can be redeemed against a payment method, discount or promotion.

» Voucher codes can be numeric or alpha numeric

» Printed or electronic voucher promotions

Unique voucher codes can be printed or sent electronically for ease of issue and redemption.

» Single or multiple use

Vouchers codes can be used for redemption once or multiple times.

» Redemption rules

Control the exact days, times and venues that promotional vouchers can be redeemed, including a start and expiry date, allowing you to encourage sales during quieter times.

» Loyalty campaigns and bounce-back promotions

Drive sales by linking your vouchers to your campaign activity, so bounce back vouchers can be issued on the receipt printer with a new promotion.

» Fully customisable to your brand

Design vouchers any way you like, helping to create brand awareness and engagement.

Zonal's standing in the hospitality sector is second to none and has the edge on the competition in terms of product offer
