An award-winning point of sale system designed to help your operation run smoothly, safely and efficiently

- » Comprehensive POS solution comprising nine key modules: Finance, Product, Pricing, Promotions, Stock, Dimensions Reporting, Theme Modelling, Time & Attendance, Bookings
- » Automate manual tasks such as invoice reconciliation, giving you more time to spend with customers
- » Predict and manage cashflow effectively with detailed reporting on all cash movements
- » Understand your data better than ever before, enabling you to personalise offers and increase customer loyalty
- » Manage F&B stock effectively and identify wastage with real-time visibility of your stocks

Order & Pay Web Ordering

Let customers order and pay on their mobile device from the comfort and safety of their seat

- » Contactless pay-at-table order and pay solution
- » No app downloads, no customer queues
- » Customisable to your brand
- » Safe and secure cash-free, contactless payment
- » Real-time menu and stock availability
- » No POS rekeying required, no wasted time spent on admin
- » Full POS integration

Table Bookings

Online bookings and table management in one for complete visibility and control of your venues's capacity

- » Capture all bookings in one central place
- » Fully customisable booking interface for your website
- » Commission free – no hidden charges or large bills
- » Manage your floorplan effectively to maximise covers
- » Real-time in-session views
- » Minimise no-shows with email and SMS confirmations and reminders
- » You own 100% of your customer data to use for promotional activity

Till Specification

Z8 POS terminal - the ultimate tool for the independent operator

- » Bright, easy-to-read colour 15" touch panel TFT display
- » Low power consumption
- » No fan or moving parts ensures the terminal is silent and more reliable
- » Small footprint for flexible installation on wall or bar
- » Withstands liquid spillage
